

Adopt-an-Animal !

For just a few dollars, you can pick up the tab for a shark's weekly dinner feast, a red-spotted toad's yearly smorgasbord of bugs, the stingray's shrimp breakfasts, or daily snacks for the octopus. All animals at The Living Planet Aquarium Preview Exhibit – from the smallest seahorse to our largest shark – are available to adopt, at any level. Available from as little as \$25, your contribution helps us provide the care and feeding necessary for your animal for an entire year. The animal you choose to support for a year will remain at the aquarium, but whatever animal YOU choose, you'll know your contribution goes to support your new family member and the entire Living Planet Aquarium. Plus, receive cool extras with your adoption like fact sheets, free day passes, pictures, special invites and more! Fill out the form below or ask about adoptions on your next visit!
