

Bus Parking Guide

Thank you for choosing to bring your group to the Loveland Living Planet Aquarium! Please refer to the instructions and map below for a smooth arrival and departure:

Drop Off: Upon entrance to the parking lot, pull up to the student drop off zone on the south side of the lot (outlined in red). Buses must clear this area within ten minutes of pulling up.

Parking: The aquarium does not have adequate space for buses to park in our lot. Buses are only permitted to park in the approved yellow parking zone in the Ebay lot, located on the north side of the aquarium. The designated parking area is on the west side of the lot (outlined in red and indicated by the blue arrow).

Pick Up: Students should be picked up from the student pick up zone, at the same location they were dropped off. Buses must clear this area within ten minutes of pulling up.

Please note: It is the responsibility of the teacher and the bus driver to communicate changes in the pick-up time. Buses will be asked to move if they have not cleared the drop off/pick up zone within ten minutes of pulling up.

Bus drivers can enter the aquarium free of charge. Feel free to come in during the field trip once the buses are safely parked in the approved zone!
